

public comment, make recommendations to the Regional Administrator with respect to the measures necessary to assure that the target exploitation rate specified in paragraph (a) of this section is not exceeded. Included in the recommendation will be supporting documents, as appropriate, concerning the environmental and economic impacts of the proposed action. The Regional Administrator will review these recommendations and any recommendations of the Commission. After such review, the Regional Administrator will publish a proposed rule in the FEDERAL REGISTER by October 15 to implement a commercial quota and a recreational harvest limit, and additional management measures for the commercial fishery, and will publish a proposed rule in the FEDERAL REGISTER by February 15 to implement additional management measures for the recreational fishery, if he or she determines that such measures are necessary to assure that the target exploitation rate specified in paragraph (a) of this section is not exceeded. After considering public comment, the Regional Administrator will publish a final rule in the FEDERAL REGISTER to implement the measures necessary to assure that the target exploitation rate specified in paragraph (a) of this section is not exceeded.

(d) *Distribution of annual quota.* (1) Beginning January 1, 1998, a commercial quota will be allocated by quarterly periods based upon the following percentages:

QUARTERLY COMMERCIAL QUOTA SHARES	
Quarter	Share (percent)
January–March	38.64
April–June	29.26
July–September	12.33
October–December	19.77

(2) All black sea bass landed for sale in the states from North Carolina through Maine by a vessel with a moratorium permit issued under § 648.4(a)(7) shall be applied against that quarter's commercial quota, regardless of where the black sea bass were harvested. All black sea bass harvested north of 35°15.3' N. lat., and landed for sale in the states from North Carolina through

Maine by any vessel without a moratorium permit and fishing exclusively in state waters will be counted against the quota by the state in which it is landed pursuant to the Fishery Management Plan for the Black Sea Bass Fishery adopted by the Commission. The Regional Administrator will determine the date on which the quarterly quota will be harvested and the EEZ north of 35°15.3' N. lat. closed. The Regional Administrator will publish a notice in the FEDERAL REGISTER advising that, upon that date, no vessel may possess black sea bass in the EEZ north of 35°15.3' N. lat. during a closure, nor may vessels issued a moratorium permit land black sea bass during the closure. Individual states will have the responsibility to close their ports to landings of black sea bass during a closure pursuant to the Fishery Management Plan for the Black Sea Bass Fishery adopted by the Commission. Any overages of the commercial quarterly quota landed will be deducted from that quarter's quota for the following year.

§ 648.141 Closure.

EEZ closure. The Regional Administrator shall close the EEZ to fishing for black sea bass by commercial vessels issued a moratorium permit for the remainder of the calendar year by publishing notification in the FEDERAL REGISTER if he or she determines that the action or inaction of one or more states will cause the applicable target exploitation rate specified in § 648.140(a) to be exceeded. The Regional Administrator may reopen the EEZ if earlier action or inaction by a state has been remedied by that state without causing the applicable specified target exploitation rate to be exceeded.

§ 648.142 Time restrictions.

Vessels that are not eligible for a moratorium permit under § 648.4(a)(6) and fishermen subject to the possession limit may not fish for black sea bass from August 1 through August 15. This time period may be adjusted pursuant to the procedures in § 648.140.
